We believe
in creating
products
tailored to
each
customer's
needs.

With the goal of helping
them **create meaningful
spaces** that bring out the
best in each person and
tell the best possible story.

Nr. 8

Our approach to design is **boundary-less,** as we straddle the line between art and design, pushing the boundaries of craftsmanship and innovation to create unique pieces.

Armands Doķis and Edgars Puķītis, with over 25 years
of experimentation and research,

**combine innovation and
traditional craftsmanship**

to create distinctive pieces.

Their vision, marked by innovation, creativity, and
technical prowess, aims to infuse spaces with compelling
narratives. They achieve this by uncovering unseen
techniques and methods,

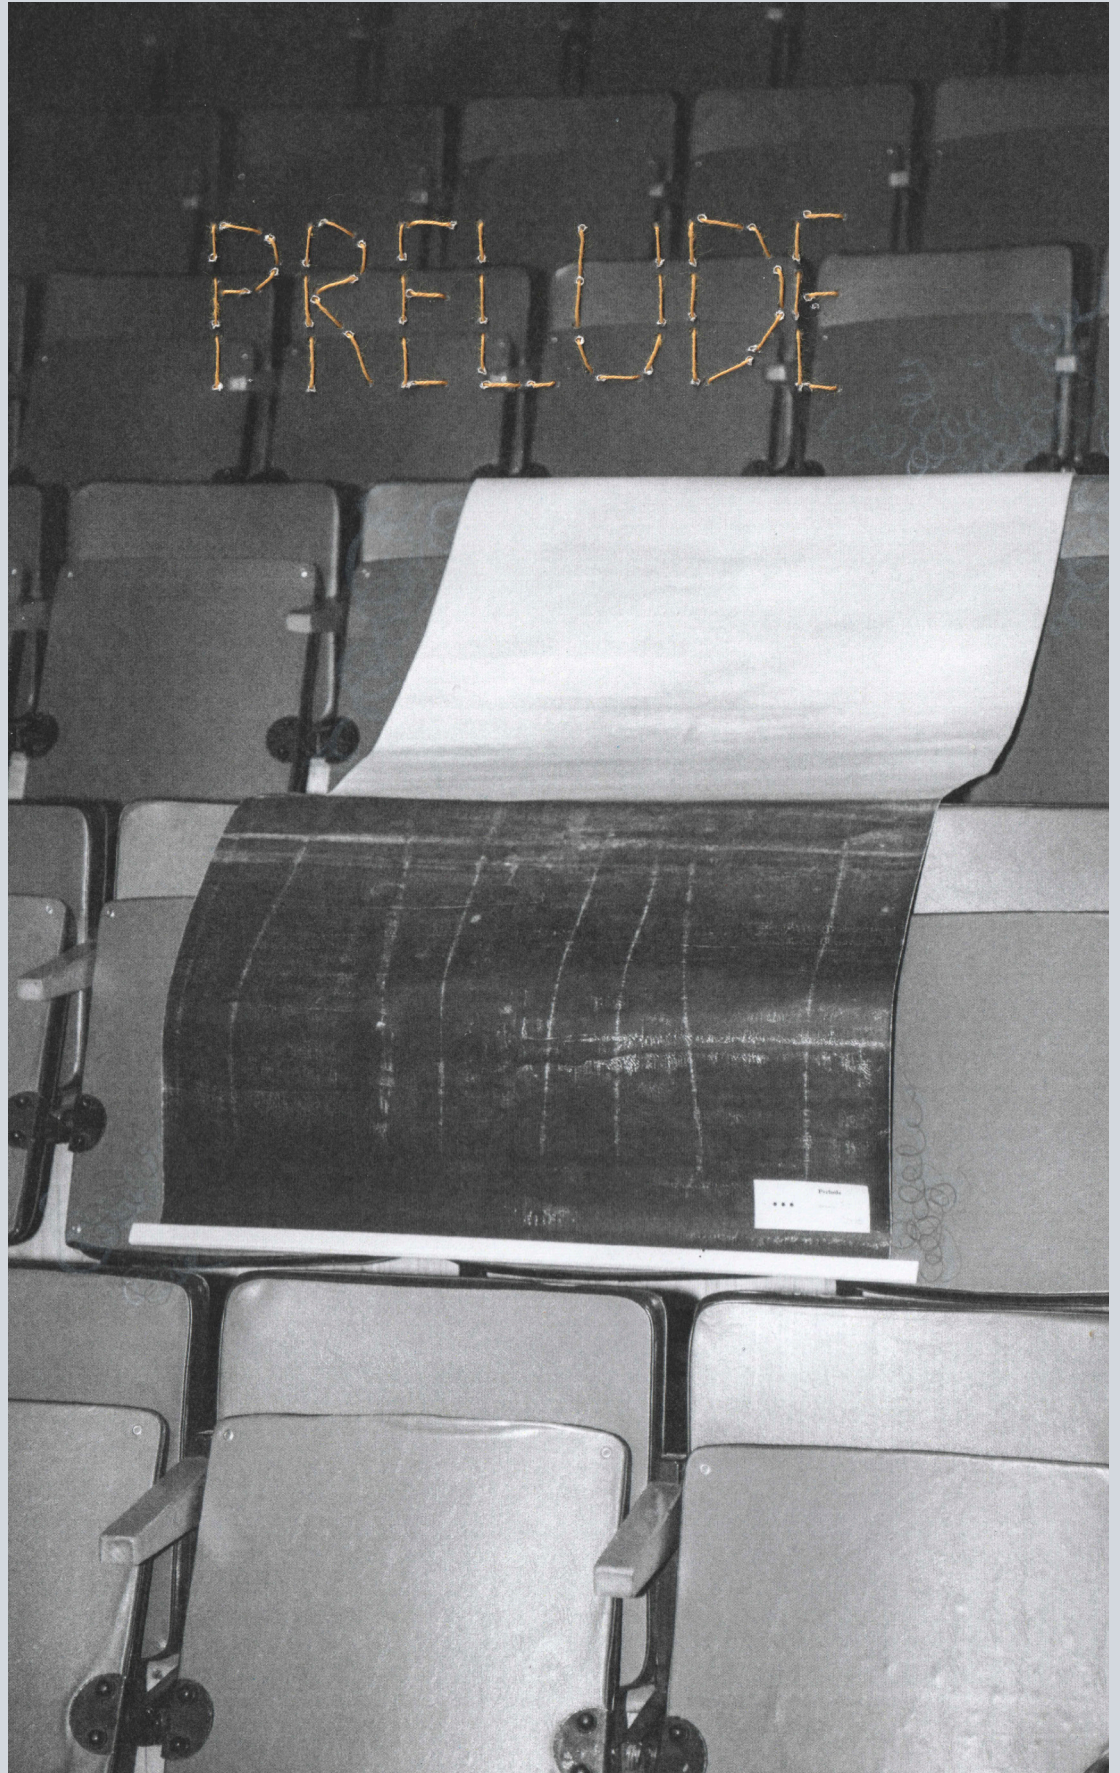

**weaving stories into the very
walls they create.**
